

# Welcome to ASTD's Test Design and Delivery Certificate Program

---

## **Course Overview**

Prepare for an exciting adventure as we embark on this hands-on workshop, which covers the entire test development and delivery process with many examples and application exercises. We hope you will enjoy the opportunity to learn from your peers as you engage in the test design and delivery process.

# Table of Contents

**Welcome**

**Agenda Topics**

**Case Study Overview**

<b>Module 1: Planning the Test</b>	<u>page</u>
Planning the Test.....	1.1
Establishing Validity.....	1.2
Methods of Establishing Validity .....	1.2
Identifying Content Areas to Test.....	1.3
Determining the Number of Test Items .....	1.5
Time Examinees Need to Respond to Items .....	1.6
Weighting the Test Content Areas.....	1.7
Application Exercise: Weighting Process.....	1.10
Identifying Benefits and Challenges of Delivery Methods.....	1.12
Application Exercise: Determining Item Format.....	1.13
Pros and Cons of Item Formats.....	1.14
Guidelines for Using Different Item Formats.....	1.16
Key Points to Remember for Planning the Test.....	1.17
 <b>Module 2: Creating the Test Items</b>	
Creating the Test Items .....	2.1
Anatomy of an Item .....	2.3
General Guidelines for Item Construction.....	2.3
Ten Common Item Writing Flaws .....	2.4
Constructing the Item Stem .....	2.6
Constructing the Options .....	2.9
Application Exercise: Correcting Item Flaws.....	2.13

Using Item-Shells.....	2.15
Application Exercise: Writing Items .....	2.16
Increasing the Cognitive Level .....	2.20
Verbs Associated with Cognitive Levels.....	2.21
Application Exercise: Increasing Cognitive Level .....	2.22
Application Exercise: Avoiding Bias and Stereotyping .....	2.23
Avoiding Bias .....	2.24
Avoiding Stereotyping.....	2.25
Providing Rationales for Items .....	2.26
Justifying the Answer Key.....	2.26
Linking the Item Content to the Test Content Outline .....	2.27
Application Exercise: Linking Item Content to the TCO .....	2.28
Application Exercise: Gallery of Great Items.....	2.30
Key Points to Remember for Creating the Test Items .....	2.31

### **Module 3: Creating the Test Form**

Creating the Test Form .....	3.1
Developing Test Directions .....	3.2
Test Directions Checklist.....	3.3
Application Exercise: Evaluating Test Directions.....	3.4
Writing Administrator Directions .....	3.6
Test Administrator Directions Checklist .....	3.6
Complying with the Americans with Disabilities Act .....	3.8
Avoiding National Origin Discrimination .....	3.9
Application Exercise: Treating Examinees Fairly .....	3.10
Allocating Sufficient Time .....	3.12
Using Item Pools for Test Assembly .....	3.13

Application Exercise: Assembling the Test.....	3.14
Setting Passing Standards .....	3.24
Using the Angoff Method .....	3.25
Application Exercise: Setting Passing Standards .....	3.29
Key Points to Remember for Creating the Test Form .....	3.31

## **Module 4: Delivering the Test**

Delivering the Test.....	4.1
Ensuring Test Security .....	4.3
Application Exercise: Establishing Test–Retest Policies .....	4.4
Establishing Test–Retest Policies .....	4.5
Controlling Item Exposure.....	4.6
Limiting Opportunities for Cheating .....	4.7
Maintaining Integrity and Ethics .....	4.9
Key Points to Remember for Delivering the Test .....	4.10

## **Module 5: Evaluating the Test**

Evaluating the Test .....	5.1
Using Item-Level Data to Improve Item Quality.....	5.1
Item Analysis .....	5.2
Application Exercise: Using Item-Analysis Data .....	5.4
Interpreting Item-Analysis Data.....	5.5
Application Exercise: Interpreting Item-Analysis Data.....	5.7
Using Test-Level Data to Improve Test Quality.....	5.10
Types of Reliability.....	5.11
Calculating Reliability Using KR.20 .....	5.12
Calculating Reliability through Mastery Classification Consistency .....	5.13
Calculating the Phi Coefficient for Reliability .....	5.14
Validity of Test Scores.....	5.17
Documenting the Test Development and Design Process .....	5.18
Communicating the Test Results .....	5.19
Application Exercise: Identifying Stakeholders and Their Data Needs .....	5.21
Instructions for Interpretation .....	5.22
Addressing Legal Considerations .....	5.24

Employment Laws .....	5.25
Discrimination.....	5.26
Avoiding Adverse Impact .....	5.27
Case Law Related to Adverse Impact .....	5.28
Application Exercise: Determining if Adverse Impact Exists .....	5.29
Key Points to Remember for Evaluating the Test.....	5.30
