

ASTD TechKnowledge® Conference & Exposition Conference Audience Characteristics

TARGET AUDIENCE

The majority of the conference participants are either part- or full-time training and e-learning practitioners who may have recently been given e-learning responsibilities or who may have been e-learning designers, developers, and managers for several years—and everyone in between. The expected attendance for the ASTD TechKnowledge® Conference is more than 1,400 participants.

For your proposal, please specify one target audience from this list of options:

- Instructional Designer
- Designer
- E-Learning Developer
- Trainer/Learning Facilitator
